

SCIENTIFIC PROGRAMME

PROGRAMME AT A GLANCE

Updated as at 19 April 2011

Friday, 22 April 2011			
0830-1300	Registration		
Opening Ceremony & Plenary Sessions 1 - 4			Ballroom 3
1300-1330	Opening Ceremony		
1330-1400	Plenary Session 1: Evidence-Based Intensive Care - What Have We Achieved?	Jean-Louis VINCENT	
1400-1430	Plenary Session 2: Economics In Intensive Care - What Every Intensivist Needs To Know	Derek C. ANGUS	
1430-1500	Plenary Session 3: Pandemics - Trends and Evidence to Guide Practice	Charles GOMERSALL	
1500-1530	Plenary Session 4: Renal Replacement Therapy - What Really Is Evidence-Based?	David MORGAN	
1530-1600	Afternoon Tea		Ballroom 2
Plenary Sessions 5-7			Ballroom 3
1600-1630	Plenary Session 5: Mechanical Ventilation: What Really is Evidence-Based?	Farhad N. KAPADIA	
1630-1700	Plenary Session 6: From Research To Outcome – Lessons From Neurocritical Care	Thomas LEW	
1700-1730	Plenary Session 7: What Type Of Evidence Should Cause Us To Change Practice	Steve WEBB	
1730-1745	International Forum Of Acute Care Trialists (Infact)	Steve WEBB , Derek C. ANGUS	
1745-1900	Welcome Reception		Ballroom 2
Saturday, 23 April 2011			
Breakfast Symposium			Ballroom 1
0730-0810	Evidence For Hemostatic Adjuncts In Massive Blood Transfusion Sponsored By Nova Nordisk		Andrew SILVERS
Symposium 1: Sepsis		Ballroom 3	Symposium 2: Nutrition
0830-0850	Clinical Trials in Sepsis – What Have We Really Learnt?	Jean-Louis VINCENT	Which Lipid Should We Use In The ICU? Michael O'LEARY
0850-0910	Does Measuring Procalcitonin Help Us In the Management Of Sepsis?	DU Bin	Practice Guidelines On Nutrition – Making Sense Of It All Geoff DOBB
0910-0930	Is There A Role For Steroids?	LEE Tze Wee	Pharmaconutrition – What is the Evidence? Michael O'LEARY

0930-0950	Echocardiography in Sepsis	Anthony MCLEAN	Who Should Order TPN in ICU?	Jonathan TAN
0950-1000	Discussion		Discussion	
1000-1030	Morning Tea			Ballroom 2
	Symposium 3: Renal Replacement Therapy	Ballroom 3	Symposium 4: Ventilation	Ballroom 1
1030-1050	Continuous Versus Intermittent Renal Replacement Therapy In The ICU	LOO Shi	Tidal Volumes: Where Are We Now?	Ross FREEBAIRN
1050-1110	Appropriate Dosing Of Dialysis	DU Bin	HFOV: What Is The Evidence And How To Do It?	Kenneth CHAN
1110-1130	Sepsis-induced AKI – What Do We Actually Know	Gerald CHUA	Recruitment Manoeuvres In ARDS	Andrew DAVIES
1130-1150	Citrate Dialysis: From Theory To Practice	David MORGAN	Patient-Ventilator Dysynchrony	Charles GOMERSALL
1150-1200	Discussion		Discussion	
	Lunch Symposium			Ballroom 3
1220-1300	Assessment Of Fluid Responsiveness In Critically III Patients Sponsored By Pulsion Medical Systems			Jean-Louis TEBOUL
	Symposium 5: Re-thinking Daily Care	Ballroom 3	Symposium 6: Neurocritical Care/Burns	Ballroom 1
1330-1350	Is Oxygen Over-Rated	Farhad N. Kapadia	Management of Subarachnoid Hemorrhage	TAN Hui Ling
1350-1410	Handover – From Danger To Safety	Geoffrey DOBB	Barbiturate Coma: When And How?	KWEK Tong Kiat
1410-1430	Radiation Exposure In ICU Patients	Ross FREEBAIRN	Decompressive Craniectomy - What Is The Evidence	Jamie COOPER
1430-1450	From Evidence To Sustainable Reality – Lessons From Glycaemic Control	LOO Shi	Management of Burns in the ICU	Geoffrey DOBB
1459-1500	Discussion		Discussion	
1500-1530	Afternoon Tea			Ballroom 2
	Symposium 7: Process of Care	Ballroom 3	Symposium 8: End of Life Care/Organ Donation	Ballroom 1
1530-1550	Clinical Information Systems In The ICU	ONG Kah Chuan	ICU Use At End Of Life	Derek C. ANGUS
1550-1610	Using International Surveys To Improve Quality	Andrew DAVIES	Dr-Family Conversations On End Of Life Care – Evidence For Improvement	Thomas LEW
1610-1630	Genomics In Clinical Practice	Anthony MCLEAN	Organ Donation: The Australia/New Zealand Perspective	Geoffrey DOBB

1630-1650	Making Guidelines In The Absence Of Evidence	Steve WEBB	Organ Donation: The Singapore Perspective	KWEK Tong Kiat
1650-1700	Discussion		Discussion	
1900-Late	Conference Banquet			Singapore Flyer

Sunday, 24 April 2011

Breakfast Symposium Ballroom 1

0800-0840	Advance Monitoring - An Early Intervention Session Sponsored By Edwards Lifesciences			Shay MCGUINESS
-----------	--	--	--	-----------------------

Symposium 9: Matters of the Heart	Ballroom 3	Symposium 10: Training	Ballroom 1
--	-------------------	-------------------------------	-------------------

0900-0920	Managing The Patient Post Cardiac Surgery – Recent Trends And Advances	Michael O'LEARY	Nurturing The Future Intensivist - Challenges And Strategies	Charles GOMERSALL
-----------	---	------------------------	---	--------------------------

0920-0940	Hemodynamic Monitoring in Sepsis	Gerald CHUA	Re-Thinking How We Train And Assess ICU Trainees	CHEN Fun Gee
-----------	---	--------------------	---	---------------------

0940-1000	Cardiovascular Physiology At The Bedside	Jean-Louis VINCENT	Technology For Training – Tools For The New Generation	Jason PHUA
-----------	---	---------------------------	---	-------------------

1000-1020	Stress Cardiomyopathy in Sepsis	DU Bin	Intensive Care Training – The ANZ Model	Ross FREEBAIRN
-----------	--	---------------	--	-----------------------

1020-1030	Discussion		Discussion	
-----------	-------------------	--	-------------------	--

1030-1100	Morning Tea			Ballroom 2
-----------	--------------------	--	--	-------------------

Symposium 11: Life after ICU	Ballroom 3	Symposium 12: Pro-Con Debate	Ballroom 1
-------------------------------------	-------------------	-------------------------------------	-------------------

1100-1120	Life After ICU – Linking Evidence To Practice	Derek C. ANGUS	1100 - 1130	Bariatric Surgery Needs ICU Support Pro: David MORGAN Con: LEE Tze Wee
-----------	--	-----------------------	-------------	---

1120-1140	Determinants Of Long-Term Survival After Critical Illness	Steve WEBB	1130 - 1200	ECMO Is A Necessary Modality In Every Tertiary Adult Intensive Care Unit Pro: Kenneth CHAN Con: Andrew DAVIES
-----------	--	-------------------	-------------	--

1140-1200	The Burden Of Traumatic Brain Injury	Jamie COOPER		The Ardsnet Ventilation Strategy Should Be Used For Patients With ARDS Pro: Jason PHUA
-----------	---	---------------------	--	---

1200-1220	Long-term Outcomes After Acute Kidney Injury	David MORGAN	1200 - 1230	Con: Farhad N. KAPADIA
-----------	---	---------------------	-------------	-------------------------------

1220-1230	Discussion			
-----------	-------------------	--	--	--

Lunch Symposium (Video)	Ballroom 3
--------------------------------	-------------------

1240-1320	Is There a Role for 0.9% Saline in Fluid Therapy Sponsored By B.Braun Singapore Pte Ltd	Dileep N LOBO
ANZICS, Ask the Experts & Round-Table Discussion Sessions		Ballroom 3
1330-1350	ANZICS Core Database - What It Is, What It Can Do For You	Peter HICKS
1350-1450	Let's Ask the Experts: How Do I Treat A Patient With Septic Shock? Chairman: Geoffrey BOBB Expert Panel: Charles GOMERSALL , Farhad N.KAPADIA , Michael O'LEARY , CHAN Yeow	
1450-1550	Round-Table Discussion: Critical Care Medicine - Current and Future Challenges Chairman: Derek ANGUS Expert Panel: DU Bin, Peter HICKS , Steve WEBB , LOO Shi	
1550-1600	Closing Ceremony
